

RASHTRIYA RAKSHA UNIVERSITY

(An Institution of National Importance)

Pioneering National Security and Police University of India

No: RRU/Hostel/SOP/Air cooler/2024

Dt.30/07/2024

Standard operating procedure (SOP) For the Air cooler Guidance for the Hostel students

As the weather warms up, we understand the need for a comfortable living environment in the hostel. After careful consideration, we have already granted permission for the usage of air coolers in hostel rooms.

However, to ensure the safety and efficient use of electricity, we kindly ask that you adhere to the following direction:

1. Power Restrictions: Air coolers should be of restricted power consumption, not exceeding 180 watts.
2. Capacity Limitations: Each room is permitted to have only one air cooler with a maximum capacity of 50 litre.
3. Electrical Safety: All air coolers must be in good working condition and comply with safety standards to prevent any electrical hazards.

Those who already have air coolers in the room must fill the below google form link for records purposes.

<https://forms.gle/QoBo6Ao6BWAQjsSH9>

Note : Any violation of above instructions may result in the revocation of this permission and seized air cooler, also action will be taken by authorities.
